

Interdisciplinary Graduate Program in  
**Molecular & Cellular Biology**

*Fall 2015 Workshop & Seminar Series*

**"XPO-1 controls SYS-1/ $\beta$ -catenin nuclear export in the Wnt/ $\beta$ -catenin asymmetric pathway"**

**Arielle Lam**

**Molecular & Cellular Biology Graduate Student  
Phillips lab**

**"Maternal proteins assemble into amyloid particles during oogenesis in *Xenopus*"**

**Michael Hayes**

**Molecular & Cellular Biology Graduate Student  
Weeks lab**

**Thursday, October 8  
4:00-5:00 PM, 1289 CBRB**
